

MENTAL WELLNESS

Mental Wellness issues include, but are not limited to: Depression, Anxiety, Anger Management, Post Traumatic Stress Disorder (PTSD), Attention Deficit Hyperactive Disorder (ADHD), Bipolar, Borderline Personality Disorder, Cutting, Obsessive Compulsive Disorders (OCD), and Suicidal Thoughts.

If you are in good mental health it is relatively easy for you to cope with life and live up to your potential. You are able to fulfill your role in your family, your workplace, your community and among friends. We all have times that we feel down, stressed, or frightened but most of the time those feelings pass fairly quickly.

If you are feeling overwhelmed by the challenges of life and wonder how you will keep going you may be suffering from a mental health problem such as depression or anxiety. Most people who experience mental health issues of this sort can overcome them if they seek help and obtain the appropriate care soon enough.

We want to help you work through these difficult times and we encourage you to ask for help. We maintain a list of licensed Christian counselors who we regularly refer people to and we are happy to share that list with you. If you would like to speak to a pastor, email care@clarksburgchurch.com.

If you are currently have thoughts of suicide please call the Suicide Prevention Hotline at 703-527-6603 or text 703-940-0888 for help.
